Nearly 120 attend public meeting on KY 207 redesign

Comment deadline is Nov. 30

FLEMINGSBURG, Ky. – If you weren't among the nearly 120 people who gathered in Flatwoods recently to view preliminary plans to improve KY 207 in Greenup County, it's not too late to have your say.

The Kentucky Transportation Cabinet and HMB Professional Engineers, the firm hired to redesign the state highway between Flatwoods and the Industrial Parkway, will accept public comments through Wednesday, Nov. 30.

Survey questionnaires were provided at a Nov. 15 public meeting, and may be downloaded at <http://transportation.ky.gov/district-9> online by following the "KY 207" link listed under Featured Projects. A map of the alternatives is also available on that web page. All comment forms should be mailed to Kentucky Department of Highways District 9, P.O. Box 347, Flemingsburg, Ky. 41041, by the Nov. 30 deadline.

Since this spring, engineers have been gathering information regarding the challenges and issues facing users of existing KY 207 and using that information to develop alternatives for improving six miles of the roadway.
